CHOCOLATE-DIPPED STRAWBERRIES

Serves 4:

20 strawberries

120g of dark chocolate

Rinse the strawberries carefully, without removing the leafy top, and pat dry.

Gently heat the dark chocolate in a bain-marie in a small saucepan until it has completely melted.

Now dip each strawberry one at a time in the melted chocolate and arrange on a plate.

Refrigerate until the chocolate has completely hardened.

At this point the chocolate-dipped strawberries are ready to be served.
