FUND-RAISING CAMPAIGN 2025

The *Daily Compass* is a trustworthy, independent source of news in accordance with the Social doctrine of the Catholic faith. Reporting in the light of Christ's coming has always been **the mission of the *Daily Compass***: hundreds of articles every year, in-depth

analysis, commentary on major international news events; but also exclusive news that you only find on its website.

Importantly, we cannot continue to cover the world's most significant stories from a truly Catholic stance without your financial support. The Daily Compass is free but depends on our readers' generous donations to pay its running costs.

DONATE today to guarantee the work and future of the *Daily Compass*.
